What is GPRA?

GPRA stands for: Government Performance and Results Act

The foundation of GPRA is based on the following three elements required of all federal agencies:

• A Five-year Strategic Plan that includes long-term, results-oriented goals covering each of its major functions.

• An Annual Performance Plan that establishes the performance goals for the applicable fiscal year, a brief description of how these goals are to be met, and a description of how these performance goals and outcomes were evaluated.

• An Annual Performance Report that reviews the agency's success or failure in meeting its targeted performance goals.

The GPRA Measures that grantees submit contribute to the OELA Annual Performance Report to Congress.
